

Greentek India Pvt Ltd
we make sun work for you

About GREENTEK

GREENTEK INDIA PVT. LTD.

Incorporated in 1997 by like-minded individuals with the purpose of harnessing solar energy and making it available to people at affordable costs. In 2013 at Hyderabad, we set up a state-of-the-art Solar PV Module Manufacturing plant and became one of the largest manufacturer-supplier and Integrator of solar equipment in India.

Our workforce has grown in size over the years and we pride ourselves on maintaining a personal relationship with every one of our clients. We also do everything it takes to guarantee our customers' satisfaction.

A Commitment to Excellence

We provide services with a commitment to excellence, professionalism, and the satisfaction of our clients. We understand the importance of your project, as well as the concerns you may have, during the process of completion we keep you informed at every step of the way. You can place your solar installation project in the hands of a team you can trust.

Our Vision and Mission

Vision

To provide the most compelling value in the solar energy industry. Value, as defined by our customers, means designing and installing the highest quality solar energy systems, on time, safely, with high customer satisfaction, at a low cost.

Mission

By providing unparalleled value, to greatly accelerate the adoption of solar energy systems. To give our customers, communities and nation, a clean, abundant, low-cost, renewable energy solutions

Management Profile

G. Satya Kiran (Founder – Director)

The visionary founder of **Greentek** is a great entrepreneur with a passion for quality and a vision to be involved in a responsible business, Satya is passionate about renewable energy, particularly focused making solar energy the fuel of the future. He is keen on being an active player in the nation's solar revolution.

Anil Azad (Director)

A result oriented professional having more than 20 Years experience in solar thermal & solar photovoltaic industries. He has milestones in the professional career at CEL, BHEL, TATA BP, DCM, Sunbirds Solar. Now he's working with Greentek Since 2012.

Vara Lakshmi (Director)

A high caliber professional, having more than 17 Years of experience in the solar energy industry, with a proven record of handling project sales, marketing, promotions, planning, logistics and customer interactions in an excellent manner.

Anuj Garg (Director)

An individual with more than 14 years of experience in the field of project management of sugar, power and green energy in several different countries. He has a diverse experience in different products territories like business segments and people management. Milestones have been achieved in his professional career at DCM, MSW, ISGEC

Plant, Equipment and Facilities

GREENTEK has more than 100 skilled and technical workforce to support its operations.

Thermal & Photovoltaic

- **Hyderabad** : 30,000 Sq. ft. of built-up area in 2 acres of land having an automated production line of 80 MW photovoltaic panels and also complete automated production line for the manufacture of tanks and collectors.
- **Noida** : Subsidiary unit having 5000 Sq. ft. Warehouse facilities.
- **Pune** : Branch having 2000 Sq. ft. Warehouse facilities.
- **Chennai** : Branch having 2500 Sq. ft. Warehouse facilities

Plant, Equipment and Facilities

Plant, Equipment and Facilities

Our Products

- ❖ Solar PV Modules
- ❖ Solar Roof Top
- ❖ Solar Street Lights
- ❖ Solar Water Pumps
- ❖ Solar Water Heaters – ETC / FPC
- ❖ Solar Air Heating Systems
- ❖ Solar Power Fencing
- ❖ Solar Swimming pool Heating

Our Services

- ❖ EPC - PV Systems design, installation and services
- ❖ SWHS design, installation and services
- ❖ Operation and maintenance services

PV Residential Projects

PV Industrial and Commercial Rooftops

PV Utility Scale Power Plants

Solar Water Heaters

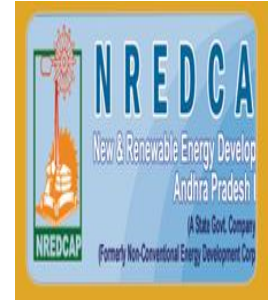

Solar Fencing

Operation and Maintenance Services

PREVENTIVE MAINTENANCE

- Inverters, AJB and AC/DC DB periodic maintenance.
- Module and equipment Cleaning.
- Grounds Maintenance/Pest control.

PREDICTIVE MAINTENANCE

- Implementing procedures.
- Planning based on the annual range.
- Performance Analysis (modules and other equipment).

CORRECTIVE MAINTENANCE

- Creation and Update of Technical Training and Procedures.
- Repairs minimizing production losses due to failure.

GREENTEK

Other Services

- ❖ Management of the installed equipment warranties and insurance policies that cover the renewable assets against unexpected contingencies.
- ❖ DC Health Performance Recommendations.
- ❖ Site security and surveillance.
- ❖ Develop improvement plans for each renewable asset in order to achieve progressive increases in production.

Monitoring

- ❖ Real-Time Power Plant Monitoring to ensure optimal production of all renewable plants.
- ❖ In-house monitoring center with video wall (designed for PV plants).. Coming soon

Reporting

- ❖ Alarms daily Report.
- ❖ Weekly Performance Engineering Reviews.
- ❖ Monthly In-Depth Performance Analysis Report.

Our Registrations

We are registered with :

- ❖ Solar Modules UL - IEC 61215 ,IEC 61730 – 1& 2, IEC 61701, GTK40W to GTK335W
- ❖ Solar Fencing UL- IEC 60335276
- ❖ BIS- Bureau of Indian Standards - specification as IS :12933 Reg. No. : CM/L - 6557382
- ❖ ISO 14001- 2015, ISO 9001:2015
- ❖ NSIC - National Small Industrial Corporation, Government of India
- ❖ MSME - Micro , Small, Medium Enterprises, Government of India
- ❖ MNRE - Ministry for New and Renewable Energy Certified Manufacturer and Channel partner.
- ❖ All India States Nodal Agencies for Renewable Energies

Our Locations

Registered Office

Plot No.8, Lepakshi Colony,
West Maredpally, Secunderabad
Telangana - 500 026.

PV Manufacturing Unit

Survey #. 43/1A,
Shabaspalle village,
Shivampet Mandal, Medak,
Telangana - 502334

Thermal Manufacturing Unit

UNIT II : Plot No.A - 12/1/Sy
No.610/2 & 612 Industrial Dev Park,
IDA Moula-ali , Hyderabad,
Telangana - 380045
